Subject: [Carbon Market Watch Network] Weekly Updates: new CDM projects open for comment - 03 December, 2012

Dear CDM Watchers,

Please find below your weekly update on all new projects open for comments. If you would like to share your opinions on any of the projects below please reply to this message. Additionally, if you would like to find out how you can write a project comment to the CDM Executive Board, please don't hesitate to get in touch with us.

Updates for week 03 December:

1. **Landfill** (1 project open for comment in Mexico)
2. **Programme of activities** (1 PoAs open for comment this week)
3. **Asia** (4 projects open for comments)
4. **Latin America** (1 **Landfill** project open for comment)

We strongly encourage you to prepare and submit concerns you might have about a project. This is an effective way to publicly raise unaddressed issues and facts. Please note that the deadline for the submission of public comments is **24h GMT** and that comments have to be submitted in English through the online system to be valid. Please contact us if you have any questions or would like assistance in writing and submitting your comments. You can find guidelines on how to write and submit comment in our [CDM toolkit](#).

Programmes of Activity (PoAs)

1 PoA:

Please find below an update on CDM Programmes of Activity (PoAs) currently open for comments, followed by a description of what a PoA is. Do also feel free to share your thoughts and concerns with the network.

Host Country	Project title	Project type	Methodology	Estimated Emission Reductions*	Period for Comments
--------------	---------------	--------------	-------------	--------------------------------	---------------------

Bangladesh	Energy and Water Saving Promotion Programme for Textile Dyeing Process of Bangladesh Textile and Garment Industries	<i>Energy Efficiency</i>	AMS-II.D. ver. 12	6,836	01 Dec 12 - 30 Dec 12
------------	---	--------------------------	-----------------------------------	-------	-----------------------

** Emission reductions in metric tonnes of CO₂ equivalent per annum that are based on the estimates provided by the project participants in unvalidated PDDs

What is a PoA (Programme of Activity) ? Usually, policies or standards cannot be considered as CDM project activities. However, in the form of a so-called Programme of Activities, also policies that incentivize GHG reduction or removal by sinks, can also qualify for the CDM. The idea was to broaden the CDM field and spread GHG emissions reduction activities that would have been difficult and time-consuming to develop on a project-by-project basis.
