

[CMW Global Network] CDM Offset Project Updates – 9 September 2013

Dear Watchers,

Please find below (and on our website) a weekly update of CDM projects and Programme of Activities (POAs):

- [Projects seeking Validation = 5](#)
- [Programme of Activities \(PoAs\) seeking Validation = 2](#)
- [Projects Requesting Registration = 25](#)
- [Programme of Activities \(PoAs\) Requesting Registration = 1](#)
- [Projects requesting crediting period renewal = 1](#)

You may also follow the hyperlinks of the Project Titles to access the project's PDD (Project Design Document) containing detailed information on the project.

CDM projects and CDM POAs located in **China** are **excluded from this list but are listed on our website [here](#)**. If you would like to follow more developments in China, please contact info@carbonmarketwatch.org. We will circulate updates on these projects to a smaller list of Chinese Network members in the future.

If you would like to share your thoughts/comments on any of the projects below please reply to this message. Additionally, if you would like to find out how to write a project comment to the CDM Executive Board, please don't hesitate to get in touch with us.

We strongly encourage you to prepare and submit comments with any concerns you might have about a project. This is an effective way to publicly raise unaddressed issues and facts. Please note that the deadline for the submission of public comments is **24h GMT** and that comments have to be submitted in English through the online system to be valid. Please contact us if you have any questions or would like assistance in writing and submitting your comments. You can find guidelines on how to write and submit a comment in our [CDM toolkit](#).
