

GLOBAL CARBON MARKETS AND THEIR POTENTIAL USE IN THE AVIATION OFFSETTING SCHEME

PRE-2020: CDM, JI, IET

POST-2020: ART 6.2, 6.4

CDM, JI, IET and Article 6 were set up for countries to use towards their climate targets

REDD+
VOLUNTARY MARKET

REDD+ and the voluntary market were created for private companies

POST-2020: CORSIA

Allowing airlines to buy credits through all these programmes would make CORSIA useless for the climate
